Dear Store Manager or Dairy Buyer,

I'm a regular shopper at this store and have been looking all over for Voskos Greek Yogurt. This is a request for your store to carry Voskos, America's award-winning Greek yogurt.

You may have seen Voskos on the Price Is Right and read about its foodie awards as the #1 Greek yogurt in popular magazines such as Fitness, Cooking Light, Vegetarian Times, Women's Health, and more.

I personally like Voskos for its thick rich taste and nutritional value. With 24g* of protein, it has more than twice the protein of regular yogurt and has *more protein per ounce* than other brands of Greek yogurts. Voskos is also the first Greek yogurt ever produced in the US and is the only brand that includes an Organic line as well.

On behalf of the Voskos lovers and fans who shop here, I urge you to make room for these delicious products on your shelves. For distributors in your area, email info@voskos.com or call 866.504.1775.

Sincerely,

Loyal Shopper
